## EVICIONS DURING COVID-19

### The Illinois eviction moratorium is ending!

- Beginning **August 1, 2021**, any eviction case can be filed in court. But most eviction orders against "**covered persons**" cannot be enforced until **September 19, 2021**.\*

You are a covered person if you have given your landlord a **written Declaration** that says:

1. You made no more than \$99K in 2020 (\$198K for couples filing jointly);
2. You are behind on rent due to COVID;
3. You're using your best efforts to make partial rent payments; and
4. You would be homeless or have to double up if evicted.

Your landlord must give you the Illinois Declaration form, or you can get the Declaration form online at [www.ihda.org](http://www.ihda.org).

*\*If you pose a direct threat to the health and safety of other tenants or an immediate and severe risk to property, you can be evicted now even if are a covered person.*
